

SENATOR CLARK: Mr. President, members, this bill is just about as tough as the last one. What this does is to change the size of the paper they use on filing the financial statements from five by eight to eight and a half by eleven, a standard sheet of paper. The reason for the change is that they are getting so complicated anymore they can't get it all on a five by eight sheet of paper so they either have to use two of them and have a \$6 filing fee, a double fee, or if they use an eight and a half by eleven they just have a \$3 filing fee. That is the only thing the bill does is change that size of the paper. The Secretary of State says it may be \$3,000 bill on this so he can notify everyone so he won't have to refund that \$3 back in case they file the big paper, there won't be the extra charge, so that is what the bill does.

SENATOR CLARK: No.

SPEAKER NICHOL: There is no other discussion on the bill so we are voting on the advancement of 178E. All those in favor signify by voting aye, opposed nay. Have you all voted? Record, Mr. Clerk.

CLERK: 33 ayes, 0 nays, Mr. President, on the motion to advance the bill.

SPEAKER NICHOL: 178E is advanced. We are ready to go to LB 182. Mr. Clerk, do you have anything on it.

CLERK: Mr. President, if I may right before that, your committee on Government whose Chairman is Senator Landis instructs me to report LB 65 advanced to General File with committee amendments attached; and LB 81 advanced to General File with committee amendments attached, both signed by Senator Landis as Chair.

Mr. President, LB 182 (read title). The bill was first read on January 12 of this year. It was referred to the Banking Committee for public hearing. The bill was advanced to General File, Mr. President. There are committee amendments pending by the Banking Committee.

SPEAKER NICHOL: Senator DeCamp, did you wish to take those amendments please?

SENATOR DeCAMP: I move adoption of the amendments, Mr. President. The bill is important, a bill that does a number of
